Boulogne-Billancourt, July the 1rst, 2010.

Dear Bruce,

Three years after, I am proud to send you this copy of "Les Ballets Nautiques" (Aquatic Ballets).

I remember the wonderful friendship I met at the ISHOF, the way you and the people working at you offices helped me on this project, more especially Bob Duenkel, such a fine gentleman, and this wonderful Dr Ivonne Schmid. I cannot not remember with a lot of kindness, too Buck Dawson, who represented the kindness of swimming fraternity.

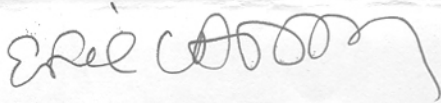

This book can be found at the Fédération Française de Natation, 148 avenue Gambetta, Paris, 75020. France.

Its price is 35 Euros + ship.

I hope I can one day publish an English version of this world history of synchronized swimming. But I have not yet decided.

I hope the best for you and your family.
